

65W Power Supply adapter for Unicable II™ multiswitches (EU plug) Model: IDLU-ADPT04-19342-EPM

Item: 5582

This power supply adapter is designed to power up to four cascaded units of 4-output Unicable II™ multiswitches or two cascaded units of 8-output Unicable IITM multiswitches and a connected Quattro LNB (or two wideband LNBs) over the DC input port, respectively the trunk lines. It features high current and over voltage protection and a built-in fuse protecting against power line surges and abnormal conditions and is ideal for building/MDU installations of cascaded systems.
