

## One-Click® Cleaner D-LC, Duplex LC

### Description

Reduce cleaning time with the new One-Click® Cleaner D-LC. Offering the same performance and easy-to-use one-click technology as the original, the One-Click Cleaner D-LC cuts cleaning time in half by effectively cleaning both LC fiber optic connectors of a duplex LC at one time.

### Features and Benefits

- Effective on a variety of contaminants including dust and oils
- Each clean is performed with fresh cleaning tape
- Ergonomic, comfortable design with single action cleaning
- 1000 cleans (500 duplex LC cleans)

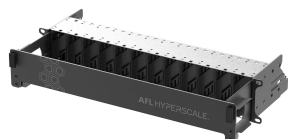

### Applications

- Cleans LC fiber optic connectors on jumpers and in adapters
- Ideal for data centers
- Cleans both connectors of a duplex LC at one time
