

One-Click® Cleaner MPO

Description

The One-Click® Cleaner MPO is an easy-to-use option for cleaning MPO and MTP® multi-fiber connectors used in data centers and other high density optical networks. One-Click Cleaner MPO is a revolutionary push-type cleaner, which simplifies cleaning of the ferrule end-face of both MPO/MTP exposed connectors and connectors in adapters.

Features and Benefits

- Effective on a variety of contaminants including dust and oils
- Each clean is performed with fresh cleaning tape
- Ergonomic, comfortable design with single action cleaning
- 500 cleans

Applications

- Cleans MPO and MTP® connectors on jumpers and in adapters
- Ideal for data centers and other high density optical networks
