

Introducing Our ACS-2 Armored Cable Slitter

- Professional grade tool ideal for slitting the corrugated copper, steel or aluminum armor layer.
- Versatile design allows jacket or shield slitting on non-fiber optic cables as well.
- Tool slits outer polyethylene jacket and armor in *one operation*.
- Performs longitudinal slitting and circumferential (ringing) for end stripping.
- Adjustable for smaller cable from 0.157 in (4 mm) to .393 in (10 mm).
- Cable guide wheel provides stability and allows for easier tool movement along the cable.
- Guide wheels are interchangeable with the original ACS and can be ordered separately.
- Made in the U.S.A.
- Height: 5 in (127 mm)
- Weight: 10 oz (284 g)
- Part No.: 37897

Our Original ACS

Armored Cable Slitter

- Adjustable for larger cable from 0.315 in (8 mm) to 1.125 in (28.6 mm).
- Made in the U.S.A.
- Part No.: 37880

Fiber Optic, Electrical & Telecommunications

Durability, dependability and accuracy in application are the hallmark of the Miller brand. Miller offers a wide variety of specialty cable preparation tools for the Fiber Optics, Electrical, Electronics and Telecommunications industries. Manufactured to our unparalleled quality standards, and always innovative, these tools are designed with the professional in mind. Ease of application coupled with superior results has made Miller tools the top choice.
