

Cablematic®
CABLE PREPARATION TOOLS

LDT596-250 Lightweight Drop Trimmer

*An Easy to Use, Compact, High Quality
Tool for the broadband professional*

- Lightweight and compact body design that allows cable preparation of 59,6 and N48 coax cable (std, tri and quad) without any adjustment or blade cassette change out.
- One step cable preparation precisely exposes the center conductor by 5/16 in. (7.93 mm) and removes proper length of jacket at 1/4 in. (6.35 mm).
- Supplied with unique polymer brush attachment for folding back the braid after cable preparation.
- Built in strip stop for precise preparation every time.
- Lightweight, impact resistant, highly visible yellow polymer construction.
- Superior quality tool steel lade cassettes will perform 3500+ preparations under normal usage.
- Blade cassettes are color coded and marked with cable series type for easy identification.
- Length: 4 in (102 mm)
- Weight: .08 oz (23 g)

Ripley Cablematic® brand offers quality cable preparation tools for the CATV, Telecommunications and Wireless Industries. Cablematic tools prepare trunk and distribution cables in addition to drop and messengered cables. The cablematic product line includes coring and stripping tools, drop cable trimmers and compression crimp tools for the broadband professional.
