

DuraOpto EndStop

PRODUCT DESCRIPTION

DuraOpto compression end-plug offer reliable duct termination and sealing and excellent price/quality ratio. Designed for nominal pressure of 16bars. Complete range of couplings available in sizes from 20 up to 63mm.

APPLICATION AREA

For connection DuraOpto products. For DB and DI applications

MAIN CHARACTERISTICS

MATERIAL

- Body: PP
- Grip ring: Polyacetale (POM)
- O-ring: NBR
- Clips: PP

TEMPERATURE

- Working: -15°C to +45°C
- Installation: -15°C to +45°C

OTHERS

- UV Resistance: NO
- Lifetime Expectancy: 25years
- Impact resistance: 10J

PRESSURE

- Working: 25 bars
- Installation: 15 bars
