Mer **effektivitet** med **smartare** testning

Maximera effektiviteten och minimera kostnaderna för varje jobb med exklusiva besparingar på de mest avancerade test- och certifieringslösningarna, plus den nya LinkIQ™ Duo Kabel+Wi-Fi+Nätverkstestaren.

Specialist Kit #1

High accuracy network test solution offering comprehensive standards compliance and certification up to Cat6A and Class FA.

Spara 25,063kr

Part # - DSX2-5000/GLD INT

+Gold Support

Specialist Kit #2

High accuracy network test solution offering comprehensive standards compliance and certification up to Cat8 and Class I/II.

Spara 45,105kr

Part # - DSX2-8000/GLD INT

+Gold Support

Advanced Kit #1

Designed for testing and certifying copper and fiber cabling systems, the DSX2-5000QI certifies copper to Cat6A and Class FA. It includes Quad Optical Loss Test Set modules with a fiber inspection scope.

Spara 37,672kr

Part # - DSX2-5000QI/G INT

+Gold Support

Advanced Kit #2

Designed for testing and certifying copper and fiber cabling systems, the DSX2-8000QI certifies copper to Cat8 and Class I/II. It includes Quad Optical Loss Tess Set modules with a fiber inspection scope.

Spara 40,896kr

Part # - DSX2-8000QI/G INT

+Gold Support

Advanced Kit #3

A complete solution for testing and certifying copper and fiber cabling systems. TheDSX2-8000QOI certifies copper to Cat8 and Class I/II. It includes Fiber Quad Optical Loss Test Set modules and a Quad OTDR module with a fiber inspection scope.

Spara 60,290kr

Part # - DSX2-8000QOI/G INT

+Gold Support

Intro Kit

Essential test and certification solution for twisted pair structured copper cabling up to Cat6A.

Spara 18,172kr

Part # - DSX-602-PRO/GLD

+Gold Support

COPPER

Fiber Kit #1

High performance solution which accelerates every step of the fiber certification process, comprising a Quad Optical Loss Test Set.

Spara 35,345kr

Part # - CFP2-100-Q/GLD INT

+Gold Support

Fiber Kit #2

High performance solution comprising a Quad Optical Time Domain Reflectometer (OTDR) and fiber inspection scope for troubleshooting and certification.

Spara 35,359kr

Part # - OFP2-100QI/GLD INT

+Gold Support

FIBER

Qualification Kit

Comprehensive copper and fiber qualification solution for technicians to test and check copper, fiber and active networks including PoE.

Spara 2,685kr

Part # - LIQ-KIT-FMC

COPPER

FIBER

Wi-Fi Kit

Test and check copper, fiber and active networks including PoE and Wi-Fi networks up to 6E. This offer includes a 3-year Premium Care – Gold support plan at no extra cost.

Premium Care – Gold Support

Premium Care is our comprehensive maintenance program for Fluke Network's products.
It provides unmatched support for customers wanting to minimize business downtime and ensure a high return on investment. The service agreement includes annual calibration (where relevant), replacement accessories, repairs with priority service, and access to loaner units during repairs. Gold support is included for select discounted products or can be purchased separately. Contact your Fluke Networks representative today to find out more.
