

Technical datasheet for:

KmR

General data

Item	Marking label with pipe plug
Description	The marking labels with pipe plug KmR are designed to brand speedpipe with a permanent marking like Edding with the customer's address in the branch section. They are suitable for the gas- and water-tight sealing of initially unoccupied speedpipe up to 0.5 bar and can easily and fastly be installed. By breaking off the protection cap the customer's address remains on the speedpipe after having blown in a fibre optic cable.
Package unit	40 Pcs.
