

Sticklers™ CleanStix™ Connector Cleaning Sticks

Versatile sticks cleans all connector types, sizes or configurations

- Patented sintered polymer fibres for consistent high-purity cleaning
- Precisely molded to clean the entire end-face
- Ultra-clean construction does not contain fabric, foam or glue
- Packaging: high-purity, self-sealing bags
5 packages of 10 sticks per box

For best results, use with:
Sticklers™ Fibre Optic
Splice & Connector
Cleaner

CleanStix™ Connector Cleaning Sticks Deliver Fast & Consistent Results

The fibres spread apart and grip particulate. Capillary action wicks liquids from the surface.

On the head of each CleanStix™, fibres flex to easily conform to the end-face.
