Promotion Announcement

EFFECTIVE August 2025

Dear Fluke Networks Distributor,

Following up on our June 2025 letter, we’re excited to offer you and your customers a **special trade-in program** to upgrade from the DSX-600 or DSX-600-PRO to the new **DSX-602 INT/T CableAnalyzer**—with a **30% discount**.

Why Upgrade?

The DSX-602 INT/T delivers enhanced testing power, 500 MHz certification, built-in Wi-Fi, and faster performance—all designed to future-proof your cable testing capabilities.

How to Redeem the Offer:

1. Verify eligibility

Eligible models for trade-in:

- DSX-600 INTL (Item No. 4885164)
- DSX-600-PRO INTL (Item No. 4885199)

(For other related models like DTX-1500 or DSPs, please contact your TSM)

2. Place your purchase order for:

| Item Number | Model | Description | EUR |
|-------------|---------------|---|------|
| 6105844 | DSX-602 INT/T | DSX-602 INT, 500 MHZ CABLEANALYZER V2, W/WIFI, TRADE IN | 6341 |

Other currencies:

| Item Number | Model | GBP | NOK | SEK | DKK | CHF | USD |
|-------------|---------------|------|-------|-------|-------|------|------|
| 6105844 | DSX-602 INT/T | 5610 | 68019 | 70007 | 47280 | 6544 | 7078 |

- **Download and complete** the Trade-In Form
- **Send** your completed the Trade-In Form along with your PO to Fluke
- **Return** your old DSX-600/PRO unit (**without your Permanent Link Adapters**) within **8 weeks** of receiving the new unit. If the unit has not been returned in this period, we will charge the price difference.

Return Address for Trade-In Units:

Fluke Europe B.V.
BIC 1
5667 BX Eindhoven
The Netherlands
Attn: Mr. Peter de Jonge

Program Terms:

- Offer valid between August 18 – December 19, 2025
- Applies only to the two eligible trade-in models and for other related models like DTX-1500 or DSPs, contact your TSM.
- Trade-in unit must be returned within 8 weeks of delivery.
- No cash alternative; cannot be combined with other offers.
- Fluke reserves the right to modify or cancel this program at any time.

Communication

Fluke Networks will communicate this special trade-in program via various resources to end-customers in the countries and regions where this program is active. We will execute communications activities throughout the campaign period to make sure as many end-customers as possible are aware of it.

We are also asking you, our authorized distributors, to help promote this special trade-in program via your own communication tools. We recommend using the above-described communication process throughout the trade-in program period and via outbound communications to allow end customers to contact you directly to qualify and close any trade-in.

Please forward this information to all relevant departments or team members.

We appreciate your continued partnership and look forward to helping you upgrade to the latest cable certification tools.

Letter of last June as a reference

End-of-Life (EOL) Announcement

EFFECTIVE June 2025

Dear Fluke Networks Distributor,

Referring to the letter sent last February 2024, we like to inform you about the following. Fluke discontinued the DSX-600 in 2018 due to parts obsolescence. We supported repairs for the DSX-600 for 5 years after the DSX600 was discontinued but made arrangements for Gold customers to have support for 3 additional years with the purchase of GLD3-602 (3-year plan). Due to parts availability, we need to end the sales of GLD3-602 for DSX-600 customers. Customers who have an active GLD3-DSX-602 plan will receive coverage for the remainder of their plan, but they cannot renew.

The following End of Life of Gold for the DSX-600 INT and DSX-600-PRO INT will be effective on **30th of June 2025**.

Fluke Service is still capable of re-calibrate DSX-600, but can not be repaired.

Fluke Networks is working on a special offer on DSX-600 and DSX-600-PRO customers. More information will be shared soon.

This letter is your notification of our product change.

PLEASE INFORM ALL RELEVANT PERSONNEL WITHIN YOUR ORGANIZATION.

Should you have any questions regarding these changes, please contact your Distribution Account Manager.
